New Addition

Scopus®

Scopus, a comprehensive, multidisciplinary, trusted abstract and citation database got added in Seha e-library on 13th of May 2024. It quickly finds relevant and authoritative research, identify experts and gain access to reliable data, metrics and analytical tools. By doing so it increases research efficiency, Identify emerging trends, accelerate research, inform strategic research decisions, enhance research visibility and show journal, article & author influence. Go to Seha e-library and start using it from today.

New Trials active in Seha e-library from 20 May 2024

To access the three American Academy of Pediatrics (AAP) trials, click the any of the following links, enter username "AbuDhabiSEHA1" (case sensitive) and password "AbuDhabiSEHA1" (case sensitive), then check "I am not a robot" and click "Login".

AAP - Pediatric Care Online:

<https://publications.aap.org/pediatriccare>

The trial includes the following:

1. AAP Textbook of Pediatric Care
2. Quick Reference Topics
3. Red Book Online
4. Well-Child Resources (Bright Futures)
5. Clinical Tools and Forms
6. Pediatric Patient Education
7. AAP Toolkits.

PEDIATRICS

AAP - e-Journal Collection:

<https://publications.aap.org/journals/pages/aap-ejournal-collection>

The trial includes the following:

1. Pediatrics, 2. Pediatrics in Review, 3. NeoReviews, 4. Hospital Pediatrics, 5. Grand Rounds, 6. AAP News

AAP - NRP e-Book Collection:

<https://publications.aap.org/aapbooks/pages/collections>

The trial includes the following:

1. Guidelines for Air & Ground Transport of Neonatal and Pediatric Patients Manual, 2. Guidelines for Perinatal Care, 3. Textbook of Neonatal Resuscitation, 4. Questions from NeoReviews, 5. Neonatal Care: A Compendium of AAP Clinical Practice Guidelines and Policies, 6. Challenging Cases in Neonatology

Forty is the New 50 for Breast Cancer Screening

Reference: Screening for Breast Cancer US Preventive Services Task Force Recommendation Statement, [JAMA. 2024 Apr 30. Online ahead of print \(Fulltext Article Attached\)](#)

✓ Practice Point

The USPSTF joins the majority pack of professional organizations recommending mammography for breast cancer screening starting at age 40.

✓ EBM Pearl

Consideration of the unintended harms of our good intentions is a critical component when identifying appropriate parameters for population-based screening interventions

For more information on the topic go to [DynaMed](#) in [Seha e-library](#) and search for: **Breast Cancer Screening**.

Did you know you can **earn CME/CE/CPD** for all of your DynaMed® usage?

Just a Few Simple Steps are all it Takes

- 1 Create a personal user account by logging into DynaMed from your institution, clicking "SIGN IN" in the upper right-hand corner, followed by "Register Now" and complete the form.
- 2 Once you are signed in a CME ticker will appear next to your name. Click the CME ticker and you will land on the CME tracking page. Click the "Settings" icon to the right and adjust your settings to receive the appropriate CME credits.
- 3 Now that you have configured your CME settings you will start earning credits for all of your DynaMed activity!

To submit your CME credits, simply click the CME ticker in the upper right-hand corner of the DynaMed navigation and follow the instruction on the CME/CPD/CE and MOC page. Credits can be submitted individually or in bulk.
